

A Legacy of Innovating the Impossible

Our humble beginnings root back to 1874 with a small machine workshop and today, we are the leaders in manufacturing residential and commercial water heating products. Headquartered in Milwaukee, Wisconsin, today our 12,000+ employee team is active in the USA, Canada, Mexico, China, India, the UK, and the Netherlands with our sales and distribution networks active in 60+ countries. Over the years, we've patented the glass-lined technology in water heater tanks and our best in class products features are renowned in North America, China, and India.

We have a team of experts, who have made us one of the leaders in the global water technology sector, with a focus on new product development, global expansion, strategic acquisitions and partnerships. No wonder, our brand tagline says 'Innovation has a name.'

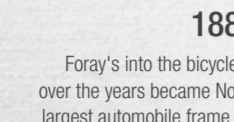

In India, our journey began in 2008 and since then we've been at the forefront of innovations. We established an impressive manufacturing facility in June 2010 at Harohalli, Bengaluru and from that time there has been no looking back.

150 YEARS OF INNOVATION.

A. O. Smith enjoys a rich history of achievements. A glimpse at our 150-year history reveals numerous engineering and technical achievements.

1874
Started operations

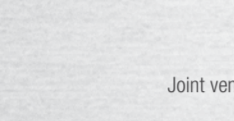

1889-1906

Foray's into the bicycle industry and over the years became North America's largest automobile frame manufacturer

1936-1954

Patented the glass line technology and introduced the first glass-lined commercial water heater

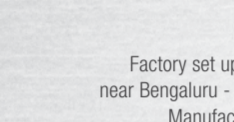

1995

Joint venture in China

2008

Started operations in India

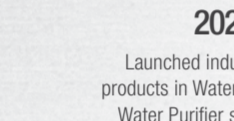

2010

Factory set up in Harohalli, near Bengaluru - Water Heater Manufacturing begins

2015

Entry in Water Purification - Pioneers in introducing the Hot Water feature

2020-2023

Launched industry-defining products in Water Heaters and Water Purifier series in India

2024

A. O. Smith celebrates 150 years of integrity, innovation and customer satisfaction in its business locations across the globe.

What a purifier.

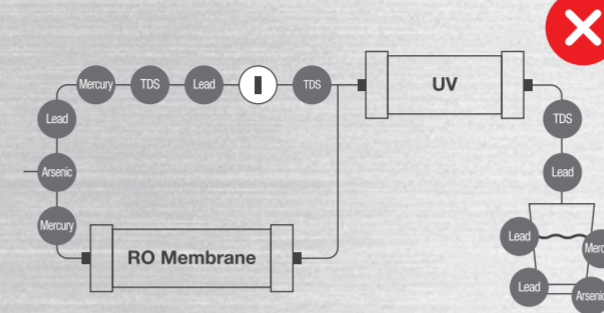

Our range of water purifiers offer everything you've thought of, and more. Engineered with the finest technologies, our water purifiers are intuitive, efficient and beautiful. Whether it's the top of the line A. O. Smith ProPlanet Series or the under the counter invisible models, you'll find one that best suits your needs.

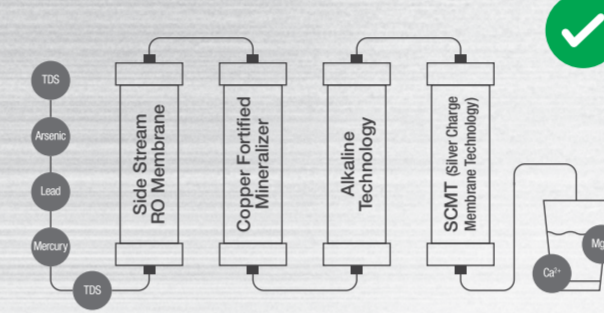

100% RO, Zero Compromise.

In ordinary purifiers, the water bypasses the RO membrane, increasing the risk of contamination. Water bypassing the RO membrane can contain harmful substances like TDS, lead, arsenic, fluoride, pesticides and other chemicals.

Ordinary RO + UV

A. O. Smith RO + SCMT

A. O. Smith RO water purifiers pass 100% of the water through our patented side stream RO Membrane, giving you water that's clean and healthy.

Baby-safe water with 8 stage Purification

Our 8 stage RO purification system, in ProPlanet undoes what the world has done to water. At the press of a button, you get water the way it was meant to be. Fresh, clean and so good that it's even safe for babies*.

1 Pre-Filter

The first step in our filtration process is the advanced Pre-Filter. It removes sediment and other particulate matter.

2 ART™ MAX

(Advance Recovery Technology™) Unlike other purifiers, our breakthrough Advance Recovery Technology™ recovers 2X more water* ensuring minimal water wastage. It's good for the environment and good for you.

3 Sediment Filter

The Sediment Filter removes finer sediment and particulate matter. This increases the life of the RO membrane and subsequent filters, resulting in low maintenance costs.

4 Pre-Carbon Filter

The Pre-Carbon Filter removes any unpleasant colour, taste and odour, including chlorine. It ensures that your water is healthy and tastes the way it was meant to be.

5 Patented Side Stream Membrane

Our patented side stream RO membrane removes bacteria, viruses, cysts, heavy metals like lead, mercury and arsenic, as well as pesticides and fluorides. The system is designed to ensure 100% of the water passes through the RO membrane and none of it bypasses it so no impurity stands a chance of passing through.

6 Copper Fortified Mineralizer

(CFM Technology) CFM Technology enriches water with the goodness of copper and adds essential minerals like calcium and magnesium. So, the water you get is fresh, natural tasting and enriched with copper

7 Alkaline Min-tech

Alkaline Min-tech technology maintains a pH range of 7 to 8.5 to ensure that you stay hydrated and fresh, all day long

8 SCMT

(Silver Charge Membrane Technology) SCMT prevents any potential secondary microbial contamination post RO purification.

Why SCMT is superior compared to UV or UF?

Filtration Technology	SCMT	UF	MF	UV

Dual Pass UV chamber (DPUV)

Intelli UV is powered by India's 1st Dual Pass UV Chamber, a unique design in which the water passes twice through an advanced high power 11W UV lamp, providing double UV purification.

SAPC

Intelli UV Series is now protected with Silver Activated Post Carbon (SAPC) to safeguard your water. While the ionized silver in the Silver Activated Post Carbon (SAPC) is a powerful anti-microbial agent, so your water passes through a silver based filter that prevents any microbial growth. Because impurity should have no place in your drinking water.

Intelli-UV-Pro

INDIA'S ONLY HOT WATER PURIFIER WITH DUAL PASS UV CHAMBER

Main Technology	: Dual Pass UV (DPUV) + UF + SCMT
Total Filtration Stages	: 6
Storage Capacity (Approx)	: 10 Ltrs (9.2 Ltrs + 0.8 Ltrs steel hot tank)
Water Dispensing Type	: Faucet
Mounting Options	: Wall/Table
Display	: Digital
Dimension (H x D x W)	: 482 mm X 369 mm X 326 mm
% Recovery	: Not applicable
Suitable for TDS level	: Upto 200 ppm
Suitable for hardness level	: Upto 120 ppm

- UV purified Hot water at 3 temperature modes: ambient, warm (45°C) & hot (80°C)
- Elevate your Kitchen décor with contemporary design and night assist
- Purified drinking water with 6 stage purification and advanced Silver Charged Membrane Technology (SCMT)
- Peace of mind with 1 year comprehensive warranty

Intelli-UV+Hot

UV PURIFIED HOT WATER WITH ADVANCED LEAD SHIELD TECHNOLOGY

Main Technology	: Dual Pass UV (DPUV) + SAPC + Lead Shield
Total Filtration Stages	: 6
Storage Capacity (Approx)	: 3.3 Ltrs (2.5 Ltrs + 0.8 Ltrs steel hot tank)
Water Dispensing Type	: Touch
Mounting Options	: Wall
Display	: LED
Dimension (H x D x W)	: 445 mm X 191 mm X 300 mm
% Recovery	: Not applicable
Suitable for TDS level	: Upto 200 ppm
Suitable for hardness level	: Upto 120 ppm

- UV purified Hot water at 3 temperature modes: ambient, warm (45°C) & hot (80°C)
- Elevate your Kitchen décor with modern, contemporary aesthetics & compact design
- Purified drinking water with 6 stage purification
- Peace of mind with 1 year comprehensive warranty

Intelli-UV / Intelli-UV+

UV PURIFIED WATER WITH TOUCH DISPENSING

Intelli-UV is inline (without storage)
Intelli-UV+ is with storage

Main Technology	: Dual Pass UV (DPUV) + SAPC
Total Filtration Stages	: 5
Storage Capacity (Approx)	: Upto 4.5 Ltrs
Water Dispensing Type	: Touch
Mounting Options	: Wall
Display	: LED
Dimension (H x D x W)	: 445 mm X 191 mm X 300 mm
% Recovery	: Not applicable
Suitable for TDS level	: Upto 200 ppm
Suitable for hardness level	: Upto 120 ppm

- Healthy drinking water with 5 stage purification with UV + SAPC
- Elevate your Kitchen décor with modern, contemporary aesthetics & compact design
- Convenience at your fingertips with Advanced Digital Display with Touch Dispensing
- 1 Year* warranty on UV lamp & all electrical & functional parts, except filters

Cheers to Good Health with Our Range of Water Purifiers

Since 1874

proplanet Series

ProPlanet series has a water recovery of more than 60%. It is India's 1st and only 5 star rated water purifier in terms of water savings certified by IAPMO.

Baby - Safe.*
Earth - Safe.

ProPlanet series is designed for the discerning consumer-both environment conscious and health conscious.

The stylishly crafted ProPlanet water purifiers are equipped with RO + Silver Charged Membrane Technology (SCMT) that gives you 100% RO purified, baby-safe* water, using an 8 stage purification process. The elegant and stylish design of ProPlanet enhances the beauty of your kitchen and also saves 2X more water than an ordinary RO water purifier* making it earth-safe too.

Hot is the new healthy

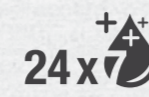

A good-looking machine that dispenses mineralised hot water in an instant. Whether it's for a cup of green tea or instant noodles, you can choose between water at ambient room temperature or 45°C warm water for drinking or 80°C hot water for an instant hot beverage.

No more waiting for water to bubble over a flame. Simply press a button and it's right there to enjoy your favorite hot beverage made with instant purified hot water to stay warm and healthy.

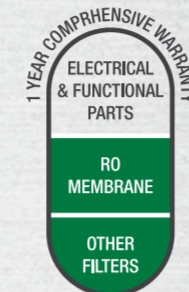

ATF Technology (All Time Fresh)

UV LED in tank ensures purified water is fresh all time (24x7)

1-Year Comprehensive Warranty

1-Year Comprehensive Warranty, which includes RO membrane, all filters and electrical & functional parts.

A. O. Smith Water purifiers

Ordinary Water purifiers

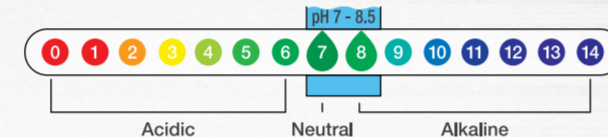

CFM Technology

CFM Technology enriches water with the goodness of copper and adds essential minerals like calcium and magnesium.

Perfectly balanced pH with Alkaline Min-tech

Ensures water within

Alkaline MIN-TECH maintains a pH range of 7 - 8.5 to ensure that you stay hydrated and refreshed, all day long.

P8 | Water Purifier

CONVENIENCE OF MINERALIZED HOT WATER AT THE PRESS OF A BUTTON.

Main Technology	: 100% RO + SCMT + CFM
Total Filtration Stages	: 8
Storage Capacity (Approx)	: 6.5 Ltrs (5.7 Ltrs + 0.8 Ltrs hot tank)
Water Dispensing Type	: Knob Faucet
Mounting Options	: Wall
Display	: Digital
Dimension (H x D x W)	: 482 mm X 293 mm X 341 mm
% Recovery	: >60%
Suitable for TDS level	: Upto 2000 ppm
Suitable for hardness level	: Upto 500 ppm

Hot water at 3 temperature settings: ambient, warm (45°C) & hot (80°C)

Baby Safe* water with 8 stage purification and double protection of 100% RO+SCMT

Retains Natural taste with essential minerals using CFM and Alkaline Technology

1 Year Comprehensive warranty (Including all filters & RO membrane)

P7 | Water Purifier

INDULGE IN THE LUXURY OF MINERALIZED HOT WATER

Main Technology	: 100% RO + SCMT + CFM
Total Filtration Stages	: 8
Storage Capacity (Approx)	: 10 Ltrs (9.2 Ltrs + 0.8 Ltrs steel hot tank)
Water Dispensing Type	: Touch
Mounting Options	: Wall/Table
Display	: Digital
Dimension (H x D x W)	: 482 mm X 369 mm X 326 mm
% Recovery	: >60%
Suitable for TDS level	: Upto 2000 ppm
Suitable for hardness level	: Upto 500 ppm

Hot water at 3 temperature settings: ambient, warm (45°C) & hot (80°C) at the press of a button

Baby Safe* water with 8 stage purification and double protection of 100% RO+SCMT

Retains Natural taste with essential minerals using CFM and Alkaline Technology

1 Year Comprehensive warranty (Including all filters & RO membrane)

P6 | Water Purifier

PURIFIED HOT WATER WITH DOUBLE PROTECTION OF 100% RO+SCMT

Main Technology	: 100% RO + SCMT + CFM
Total Filtration Stages	: 8
Storage Capacity (Approx)	: 10 Ltrs (9.2 Ltrs + 0.8 Ltrs steel hot tank)
Water Dispensing Type	: Faucet
Mounting Options	: Wall/Table
Display	: Digital
Dimension (H x D x W)	: 482 mm X 369 mm X 326 mm
% Recovery	: >60%
Suitable for TDS level	: Upto 2000 ppm
Suitable for hardness level	: Upto 500 ppm

Hot water at 3 temperature settings: ambient, warm (45°C) & hot (80°C)

Baby Safe* water with 8 stage purification and double protection of 100% RO+SCMT

Retains Natural taste with essential minerals using CFM and Alkaline Technology

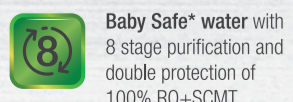

1 Year Comprehensive warranty (Including all filters & RO membrane)

P5 | Water Purifier

BABY SAFE* WATER WITH 8 STAGE PURIFICATION AND LARGE 9L STORAGE TANK

Main Technology	: 100% RO + SCMT
Total Filtration Stages	: 8
Storage Capacity (Approx)	: 9 Ltrs
Water Dispensing Type	: Faucet
Mounting Options	: Wall/Table
Display	: Digital
Dimension (H x D x W)	: 490 mm X 329 mm X 315 mm
% Recovery	: >60%
Suitable for TDS level	: Upto 2000 ppm
Suitable for hardness level	: Upto 500 ppm

Baby Safe* water with 8 stage purification and double protection of 100% RO+SCMT

Give back to your Planet, save water with India's 1st 5 star rated water purifier

Retains Natural taste with essential minerals using MIN-TECH

1 Year Comprehensive warranty (Including all filters & RO membrane)

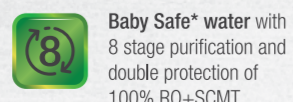

P4Pro / P3Pro | Water Purifier

BABY-SAFE WATER WITH ADVANCED ALL-TIME FRESH TECHNOLOGY

UV tank purification available only in P4Pro

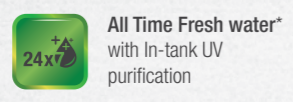

Main Technology	: 100% RO + SCMT + CFM
Total Filtration Stages	: 8
Storage Capacity (Approx)	: 5 Ltrs
Water Dispensing Type	: Faucet
Mounting Options	: Wall
Display	: Digital
Dimension (H x D x W)	: 460 mm X 267 mm X 380 mm
% Recovery	: >60%
Suitable for TDS level	: Upto 2000 ppm
Suitable for hardness level	: Upto 500 ppm

Baby Safe* water with 8 stage purification and double protection of 100% RO+SCMT

Retains Natural taste with essential minerals using CFM and Alkaline Technology

All Time Fresh water* with In-tank UV purification

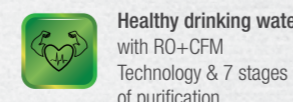

1 Year Comprehensive warranty (Including all filters & RO membrane)

Z2Pro | Water Purifier

UNDER THE SINK PURIFIER WITH GOODNESS OF COPPER

Main Technology	: 100% RO + CFM Technology
Total Filtration Stages	: 7
Storage Capacity (Approx)	: 5 Ltrs
Water Dispensing Type	: Gooseneck Faucet
Mounting Options	: Under the Counter
Display	: Digital
Dimension (H x D x W)	: 420 mm X 410 mm X 270 mm
% Recovery	: >= 40%
Suitable for TDS level	: Upto 2000 ppm
Suitable for hardness level	: Upto 500 ppm

Healthy drinking water with RO+CFM Technology & 7 stages of purification.

Fits seamlessly with your modern modular kitchen décor with its Sleek design

Gooseneck faucet for convenience

1 Year Comprehensive warranty (Including all filters & RO membrane)

X9 | Water Purifier

BABY-SAFE WATER WITH GOODNESS OF COPPER AND ALKALINE TECHNOLOGY

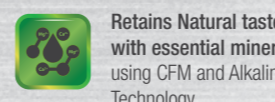

Main Technology	: 100% RO + SCMT + CFM
Total Filtration Stages	: 8
Storage Capacity (Approx)	: 5 Ltrs
Water Dispensing Type	: Faucet
Mounting Options	: Wall
Display	: Digital
Dimension (H x D x W)	: 460 mm X 270 mm X 380 mm
% Recovery	: >= 40%
Suitable for TDS level	: Upto 2000 ppm
Suitable for hardness level	: Upto 500 ppm

Elevate your Kitchen décor with compact and contemporary design

Baby Safe* water with 8 stage purification and double protection of 100% RO+SCMT

Retains Natural taste with essential minerals using CFM and Alkaline Technology

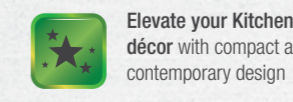

1 Year Comprehensive warranty (Including all filters & RO membrane)

X6+ | Water Purifier

BABY SAFE WATER WITH 8 STAGE PURIFICATION

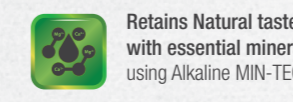

Main Technology	: 100% RO + SCMT
Total Filtration Stages	: 8
Storage Capacity (Approx)	: 5 Ltrs
Water Dispensing Type	: Faucet
Mounting Options	: Wall
Display	: Digital
Dimension (H x D x W)	: 460 mm X 270 mm X 380 mm
% Recovery	: >= 40%
Suitable for TDS level	: Upto 2000 ppm
Suitable for hardness level	: Upto 500 ppm

Elevate your Kitchen décor with compact and contemporary design

Baby Safe* water with 8 stage purification and double protection of 100% RO+SCMT

Retains Natural taste with essential minerals using Alkaline MIN-TECH

1 Year Comprehensive warranty (Including all filters & RO membrane)

X3+ | Water Purifier

PURIFIED WATER WITH ALKALINE MIN-TECH

Also available as X3 without digital display

Main Technology	: 100% RO + Alkaline Min-tech
Total Filtration Stages	: 6
Storage Capacity (Approx)	: 5 Ltrs
Water Dispensing Type	: Faucet
Mounting Options	: Wall
Display	: Digital
Dimension (H x D x W)	: 460 mm X 256 mm X 380 mm
% Recovery	: >= 40%
Suitable for TDS level	: Upto 2000 ppm
Suitable for hardness level	: Upto 500 ppm

Healthy drinking water with 6 stages of purification technology

Retains Natural taste with essential minerals using Alkaline Min-tech

Simple and intelligent display of information with Digital Display and advance alert technology

1 Year* warranty on RO membrane & all electrical & functional parts, 6 months warranty on other filters
